

## Conflict Minerals

Dear valuable customer,

Macnica is aware of its social responsibility in terms of the environment, safety, health and observance of human rights. In accordance to the Dodd-Frank Consumer Protection Act, Section 1502 regarding conflict materials, we do not directly import conflict materials, nor do we have any information that minerals originate from this conflict region are used in products we delivering from our partner manufacturers.

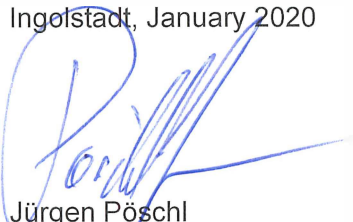

Conflict Minerals include the following minerals sourced from the Democratic Republic of the Congo (DRC) and surrounding countries:

- Columbite-Tantalite (Tantalum)
- Casserite (Tin)
- Wolframite (Tungsten)
- Gold

Macnica is unable to make any claims of material content regarding the product another company manufactures. As an authorized distributor of electronic components, we can provide conflict mineral reports when made available by the manufacturers.

Please send your inquiries including manufacturer and device details to our sales team at: [sales.europe1@macnica.com](mailto:sales.europe1@macnica.com).
